

How does Acciona's battery station service work?

ACCIONA's battery station service makes it possible to buy a Silence motorcycle without the need to purchase the electric battery that powers it, reducing the cost of acquiring the vehicle by nearly 40%. This system allows customers to have a monthly battery subscription.

How many battery swap stations will Acciona have in Spain?

ACCIONA's network of battery swap stations for Silence vehicles will have 100 charging stations in the main Spanish cities by the end of the year, with more than 1,000 battery swap units. The accelerated deployment of battery stations for Silence vehicles is due to the brand's leadership in Spain for four years in a row.
