

Ardandra storage and solar project Brunei

Who owns ardandra solar & storage?

One of Octopus Investments Australia's Queensland assets is Ardandra Solar and Storage. Acquired earlier this year, it was the single largest renewable energy generation project under construction in Australia as of August, according to a report from the Clean Energy Council (CEC) trade group.

Where is octopus' ardandra storage & solar project located?

The Ardandra storage and solar site, as it is referred to, sits adjacent to Octopus' existing Dulacca Wind Farm and will connect into the same line, the company says. That is, the projects will sit in Queensland's south, just under 400 km west of Brisbane.

Where will ardandra & Dulacca be built in 2025?

That is, the projects will sit in Queensland's south, just under 400 km west of Brisbane. "When constructed in 2025, Ardandra in combination with Dulacca will create the 'Western Downs Energy Park,'" Octopus Australia says, though it is not clear whether 2025 will mark the beginning of construction or the project's completion.

Ardandra photovoltaic . Queensland to Get its Largest Hybrid Renewable Park from Octopus Investments Australia Updated On Tue, Jun 6th, 2023. by Saurenergy. Specialist Renewables Manager Octopus Investments Australia has made the acquisition for a 175 MW solar project with battery storage component in Queensland. This will be an addition to the ...

Notably, the single largest among generation projects under construction is Ardandra Storage and Solar in Queensland, which is a hybrid combining 175MW of solar PV with 400MWh battery storage. CEC chief ...

One of Octopus Investments Australia's Queensland assets is Ardandra Solar and Storage. Acquired earlier this year, it was the single largest renewable energy generation project under construction in Australia as of ...

They are the 80 MW Fulham solar project in southeastern Victoria, featuring a 120 MWh battery, and the 350 MW Blind Creek agrisolar project in New South Wales, with a 300 MW/600 MWh battery.

Octopus has already made big inroads into the Australian market via the Dulacca wind farm in Queensland (pictured above), and the neighbouring Ardandra solar and battery project, the Darlington ...

Octopus has made a number of notable acquisitions in the Queensland market recently, snapping up the 220MWh Ardandra combined solar and storage project as well as the 180MW Dulacca Wind Farm. Octopus Australia is majority owned by Britain's Octopus Group, whose holdings span renewables, venture capital, and even financial advice.

The Ardandra storage and solar site, as it is referred to, sits adjacent to Octopus' existing Dulacca Wind Farm
