

Palau Facts ADB's Work in Palau. Palau, a small island developing state in the northern Pacific, joined ADB in 2003. Tourism accounts for about 40% of the economy, and Palau remains reliant on development assistance. To date, ADB ...

We gained experiences mainly in developing large-scale solar power generation facilities, and also started the operation of wind and hydroelectric power generation facilities. In addition, we started the production and sale of Energy Storage System (ESS) "Blue Power Battery" and will offer better solutions including storage of electricity.

True Blue Power today introduced the company's new TS28 Emergency Battery Power Supply (EBPS). Designed for a 28V electrical bus, the TS28 provides DC power for aircraft loads, such as emergency lighting and critical equipment in the event of main aircraft power failure.
