

What is Uganda Solar Energy Association (USEA)?

Uganda Solar Energy Association (USEA) is an independent nonprofit association dedicated to facilitating the growth and development of solar energy business in Uganda and the East African region.

How can Uganda scale up solar PV investment?

As part of efforts to scale up solar PV investment, the government of Uganda introduced model contracts in their investment guides. Additionally, IRENA, the Terrawatt Initiative, and leading international law firms also supported Uganda by drafting simplified and standardised templates for solar PV documents that are publicly available.

Is solar energy a sustainable aid project?

Solar energy instead of fossil fuels: a sustainable aid project that we are happy to support," said Andreas Bilgeri, Manager of Gebrüder Weiss Air & Sea Wolfurt. The solar energy system, packed into a 40-foot sea freight container, will begin its journey before Christmas.
