All BOS systems have identical connection points for solar photovoltaic (Solar PV) panels and AC loads. It takes hardly a few hours to set up the BOS system one for hybrid solar power, which makes them suitable for large scale installation and fast and easy maintenance. Thanks to its modular design, components can be

adapted to any requirements.

The BOS battery S integrates a high-performance Battery Management System (BMS) that follows the charging cycles and capacity of the battery. Hence, the objective is to fully understand each battery and prevent possible adversities.

Das intelligente Batteriesystem BOS LE300 ist eine vollst&#228;ndig skalierbare Lithium-Erweiterungsl&#246;sung zur Kapazit&#228;tserweiterung von Bleibatterien. Das intelligente Batteriemanagementsystem erm&#246;glicht eine einfache Plug & Play-Installation und verl&#228;ngert die Lebensdauer beider Batterien auf bis zu 10 Jahre.

The BOS LE300 smart battery system is a fully scalable lithium extension solution to add capacity to lead-acid batteries. Its intelligent battery management system allows an easy Plug & Play instalation and prolongs the lifespan of both batteries by up to 10 years.
