In March, when COVID-19 was declared a global pandemic, the Cook Islands government promptly closed the country's borders. Tourism ground to a halt. Residents were ordered inside. After several weeks of testing, decision-makers were confident no one in the Cook Islands had contracted the virus that was infecting most of the world.

We are often asked by volunteers whether their support of literacy with children really makes a difference. We can tell you emphatically - YOU DO make a difference in the Cook Islands! The Cook Islands culture is predominantly an oral culture with most homes having no books other than a bible. This impacts the literacy rates of children.
