

About Cytek Solar. We are a Renewable Energy company based in Nairobi, Kenya, offering solar solutions to the African Residential and Business sector, as well as IOT driven load management solution to ensure minimal wastage of the generated power. Facebook-f LinkedIn-in Instagram X-twitter.

Description. Discover the ultimate solution for reliable, portable energy with our 3kW inverter Portable Power Station combined with a powerful 2.4kWh battery signed for versatile use, this high-capacity power station provides stable, off-grid electricity for a range of applications including camping, outdoor events, and emergency backup.

W Solar Flood Light offers powerful, energy-efficient illumination with its solar-powered design and high lumen output. Durable and weather-resistant, it includes a motion sensor and adjustable brackets for versatile installation. Ideal for large areas, it provides reliable lighting with extended battery life.

Cytek Solar > Products > Portable Power Stations > 600W Hinen Portable Power Station. 600W Hinen Portable Power Station. PS600 is a compact and lightweight but powerful outdoor mobile power supply, suitable for use in outdoor activities to provide power support for a ...

Efficiently harness solar power with the 200L Sollatek Solar Water Heater. Featuring high-efficiency collectors and a well-insulated tank, this system provides reliable hot water, reduces energy costs, and offers long-lasting performance for both residential and commercial use.

Cytek Solar > Products > Portable Power Stations. Showing 1-8 of 10 results. 100W,18V Hinen Foldable Solar Panel Read more. 3000W Portable Power Station (With expansion port) Read more. 300W Hinen Portable Power Station Read more; 3KW/2.4KWh Hinen Portable Power Station Read more; 400W, 36V Hinen Foldable Solar Panel ...

p Cytek Solar Ltd was established in 2018 to offer solar solutions to businesses and communities in East Africa. We design, supply and install solar energy systems for homes, businesses ...

Cytek Solar > Products > Portable Power Stations > 3000W Portable Power Station (With expansion port) 3000W Portable Power Station (With expansion port) PS3000MAX is a powerful and widely applicable outdoor mobile power supply, which can meet the needs of long-term off-grid power consumption.

Our solar panels are at the forefront of technological innovation, utilizing advanced photovoltaic technology to

efficiently convert sunlight into clean, renewable energy. With state-of-the-art ...

Cytek Solar Ltd was established in 2018 to offer solar solutions to businesses and communities in East Africa. We design, supply and install solar energy systems for homes, businesses NGOs and Government institutions. To achieve ...

From pioneering cutting-edge solar technologies to developing comprehensive sustainability strategies, my expertise spans the full spectrum of renewable energy solutions.

I am ...

Cytek Solar Systems allow you to save your money without compromising your electrical loads and consumption. Smart Home Integration By optimizing energy through our IOT meters, the Remotely controlled home Solar System allows ...

The 8KW Inverter + 10.24KWH LFP Battery (All in One) offers a combined solution for efficient energy conversion and storage. With an 8 kilowatt inverter and a 10.24 kilowatt-hour lithium iron phosphate battery, this all-in-one unit integrates power management and storage into a compact design. It ensures high efficiency, real-time monitoring, and robust safety features, making it an ...

L SWH Non-Pressure Vacuum Tube Solar Water Heater offers efficient and eco-friendly hot water for residential and commercial applications. With a 300-liter capacity, it utilizes vacuum tube technology for optimal solar energy absorption and minimal heat loss, ensuring reliable hot water even in low-light conditions. Its non-pressure design simplifies installation and ...

The Megatank Lithium Battery 1920WH (75AH) LiFePO4 offers a high-capacity, efficient energy storage solution, designed to replace traditional lead-acid batteries. With a robust 1920 watt-hour capacity and 75 ampere-hours, this lithium iron phosphate battery provides long-lasting performance and reliability. Its lightweight and compact design, combined with enhanced ...

A solar-powered borehole offers an energy-efficient, cost-effective, and sustainable solution for reliable water access, particularly in areas with limited grid connectivity. It addresses water challenges while contributing to environmental conservation and reducing long-term operational expenses. ... About Cytek Solar. We are a Renewable ...

The Hinen Single Phase 6KW Hybrid Inverter is a versatile and efficient solution for managing residential and small commercial solar energy systems. With its hybrid functionality, high conversion efficiency, and integrated MPPT, it offers reliable performance whether connected to the grid or used off-grid. Its compatibility with various batteries and smart monitoring ...

Cytek Solar Ltd was established in 2018 to offer solar solutions to businesses and communities in East Africa. We design, supply and install solar energy systems for homes, businesses NGOs and Government institutions.

The Chint 8KW Off-Grid Inverter is a high-capacity solution for converting solar power into usable AC energy in off-grid systems. With an 8 kilowatt capacity, it efficiently manages energy from solar panels and batteries, ensuring reliable power supply. Its robust design includes safety features for protection and compatibility with various battery types, making it ideal for remote or ...

At Cytek Solar, we don't just follow trends--we set them. Our team is dedicated to delivering top-tier solar solutions tailored to Nairobi's unique energy needs. Whether it's a small home setup or a large commercial project, we've got you covered. Join the Solar Revolution. Ready to make the switch? Join the solar revolution with Cytek ...

Cytek Solar is a renewable energy company based in Nairobi, Kenya, providing solar solutions to the African Residential and Business sector. They offer home solar systems, ...

The 10KVA Growatt Hybrid Inverter offers high-efficiency energy management for medium to large installations, integrating both solar and battery storage systems. With an impressive 98.4% efficiency, it ensures optimal energy conversion and reliable performance. This inverter supports multiple MPPT channels for enhanced solar harvesting and is compatible with various battery ...

Cytek Solar > Solar Street Lighting. Solar Street Lighting. Solar street lights harness the sun's energy to illuminate public spaces, offering an eco-friendly and cost-effective lighting solution. These lights integrate photovoltaic panels that ...

The Hinen Single Phase 6KW Smart Off-Grid Solar Inverter is a high-efficiency solution for residential and small commercial solar systems. With its advanced smart technology and integrated MPPT, this inverter offers optimal energy conversion and easy system management. Ideal for off-grid applications, it supports expansion with additional solar panels and batteries, ...

The Hober Hybrid 3.7kW Single Phase Inverter integrates solar power with grid connectivity to deliver efficient and reliable energy management. With a robust 3.7kW capacity, it supports various battery types and configurations, optimizing solar energy usage and providing backup power during outages. The inverter features intelligent power management for enhanced ...

The Longi 555 Watts Solar Panel delivers exceptional power with a 555-watt output using high-efficiency monocrystalline silicon cells. Designed for durability and performance, it features a robust aluminum frame and tempered glass to withstand harsh conditions. With a low temperature coefficient for efficient operation in high temperatures and backed by a strong warranty, this ...

The Megatank 6KW Inverter + 5.12 KWH LFP Battery (All-in-One) system combines a robust 6 kW (6000W) inverter with a 5.12 kWh Lithium Iron Phosphate (LiFePO4) battery. The inverter supports a peak power output of 12 kW (12000W) and offers high efficiency of around 93%. The 5.12 kWh battery operates at a nominal voltage of 51.2V and features up to 6000 cycles at 80% ...

We customize solar systems for residential use according to the appliances in the house and the budget. Before buying a solar system for your home, it is prudent to calculate your load(house hold appliances) so as to determine the size and ...

The TBB (MPPT Controller) 3KVA Riio Sun Inverter is a high-efficiency solar inverter designed to convert DC power from solar panels into AC power. Featuring MPPT technology, it optimizes solar energy conversion and supports various battery configurations. With real-time performance monitoring and robust safety features, this 3KVA inverter is ideal for residential and small ...

The Chint 8KW Off-Grid Inverter is a high-capacity solution for converting solar power into usable AC energy in off-grid systems. With an 8 kilowatt capacity, it efficiently manages energy from solar panels and batteries, ensuring reliable ...
