

Brighten Haiti (a 501c3 nonprofit) is on a mission to change that. Providing solar power to schools, hospitals and families installed by our solar apprentices. The Summer Solar Drive for Haiti is a Solar Industry benefit to finally get Haiti electricity. Ending energy poverty, empowering education and economic development.

The initiative leverages both the US-Haiti remittance corridor through the creation of a dedicated online platform,, that enables Haitians in the diaspora to send solar lights to relatives in Haiti, and ...

Klere Ayiti seeks to capture a portion of remittances received by Haiti each year. In 2014, no less than 2 billion, representing over 20% of GDP, was sent to Haiti by over a million Haitians living in the United States and Canada. Alongside this launch conference, a demonstration on how to purchase a Klere Ayiti solar system was

EKOTEK ENERGY est une entreprise innovante en Haiti, offrant des solutions énergétiques durables et de haute technologie. Elle se distingue par sa gamme variée de produits, incluant des panneaux solaires, des batteries de stockage et d'autres équipements liés aux énergies renouvelables.

Brighten Haiti takes end-of-life, low power, obsolete, safe, functioning silicon-based solar panels (sorry, no Cad Tel modules), from project owners, EPC's, distributors, and manufacturers. We aggregate and test them for safety and usable power, at a US "collection site". Then ship them to Haiti. Safety is our highest priority.
