The old posters and signs in the traditional Montserrat neighborhood of Buenos Aires inspired Julieta Ulanovsky to design this typeface and rescue the beauty of urban typography that emerged in the first half of the twentieth century. As urban development changes that place, it will never return to its original form and loses forever the designs that are so special and unique.

The increasing demand for electrification across rural areas and the growing demand for uninterrupted power supply across several industrial applications such as oil & gas, mining, and others have led to higher adoption of advanced power rental solutions worldwide. In March 2021, the Rural Electrification and Energy Access Project in Underserved Areas of ...
