

Did LDK Solar go bankrupt?

Updated: Subsidiaries of China-based polysilicon and PV module manufacturer LDK Solar have been forced into bankruptcy proceedings in China only shortly after the parent company, formerly listed in the US, exited bankruptcy proceedings of its own.

Did SunPower go bankrupt?

The company's share price plunged 40% to US\$1.51 on the back of the revelation, and unsurprisingly, just a few weeks later, news broke that SunPower was filing for Chapter 11 bankruptcy.

Will a PV industry downturn happen in 2024?

In late 2023, PV Tech's analyst colleague Finlay Colville was the first to call the likelihood of a PV major industry downturn in 2024 as a consequence of extreme competition, price cutting and overproduction by Chinese PV producers.
