

Does Eswatini import electricity from South Africa?

Eswatini imports 80% of its electricity from South Africa. The government wants Eswatini to produce 100% of its own power by 2034. This is spelled out in the country's National Energy Policy of 2018.

What is a joint Geoscience mapping programme in Eswatini?

A joint geoscience mapping programme across Eswatini has entered its second phase as the Southern African nation looks to develop its energy and minerals sector. The project is being undertaken by South Africa's Council for Geoscience (CGS) and the Geological Survey of Eswatini.

How much energy does Eswatini use?

This is spelled out in the country's National Energy Policy of 2018. State-owned power utility, Eswatini Electricity Company (EEC), operates four hydropower plants that provide 60.4 MW of power and contribute 15 to 17% of the total energy consumed in Eswatini. These are Maguga (19.8MW), Ezulwini (20MW), Edwaleni (15MW) and Maguduza (5.6MW).

Will Eswatini produce 100% of its power by 2034?

The government wants Eswatini to produce 100% of its own power by 2034. This is spelled out in the country's National Energy Policy of 2018. State-owned power utility, Eswatini Electricity Company (EEC), operates four hydropower plants that provide 60.4 MW of power and contribute 15 to 17% of the total energy consumed in Eswatini.

Why is Geoscience diplomacy important in Eswatini?

This initiative is a crucial component of the CGS' Geoscience Diplomacy project, aimed at supporting regional national development imperatives through geoscience solutions. This CGS said the project holds significant importance in the Kingdom of Eswatini's minerals, energy and socioeconomic development.

Why is the Eswatini project important?

This CGS said the project holds significant importance in the Kingdom of Eswatini's minerals, energy and socioeconomic development. "The successful completion of the first phase in 2022, which focused on approximately one-third of the Kingdom, revealed key mineralised sequences encompassing base, precious, and agro mineral systems.

The Prime Minister of the Kingdom of Eswatini, Russel Mmiso Dlamini who is in the country for the Extraordinary Summit of SADC Heads of State and Government, has toured the GeoPomona Waste to Energy Project in Harare this morning. Mr Dlamini was accompanied by his country's Minister of Foreign Affairs Pholile Paulette Dlamini Shakantu.
