

Who makes Exide solar tubular battery?

Pioneers in the industry, we offer exide solar tubular battery and exide solatron tubular battery from India. The Exide Solar Tubular Battery manufactured by Exide are many steps ahead of other available options in the market.

Are Exide solar tubular batteries rechargeable?

Exide solar tubular batteries are rechargeable even with very low charging current. The current we produce from solar panels will not be consistent throughout the day, you may notice some up's and down's. In such condition a Solar Battery is capable of recharging with very little current available from solar panels.

Which battery chargers does Exide offer?

Exide launches specific chargers for its Marine & Leisure Equipment Li-Ion battery range. You have a plan. We have the energy. Solition Mega - Battery Energy Storage Systems (BESS) is based on Li-Ion battery technology.

Why should you choose Exide solar tubular battery?

The Exide Solar Tubular Battery manufactured by Exide are many steps ahead of other available options in the market. The reasons that make this product a much superior performer is the selectively chosen alloy, high pressure casting in HADI machines, in-house oxide formulation, imported microporous separators and vent plugs.

Are solar batteries compatible with normal inverters?

Solar batteries are 100% compatible with normal inverters. If you have plans to add solar panels to your normal inverter in future, it's better to go for exide solar tubular battery instead of normal batteries. Exide solar batteries are best partners for Solar hybrid inverters like Sukam Brainy . Models available

Are solar tubular batteries available online?

Exide solar tubular batteries are not available for online purchase through Exide official website. These batteries are rare in the small towns and small dealers in metros. Battery dealers are not aware of the advantages of Solar Tubular Batteries. Some dealers are fixing their own prices and making it unaffordable for normal people.
