Does solar up Philippines offer a green financing program?

In an effort to make solar energy more accessible to Filipino households, Solar Up Philippines has teamed up with Sterling Bank of Asia to introduce a Green Financing Program. Picking a solar panel installer is a big decision that can impact your savings and experience. Find out how you can choose wisely.

Who is Greenergy solar?

In 2010, Greenergy was the first private company in the region to offer solar rooftop systems with the launch of Greenergy Solar in partnership with Sharp Solar of Japan. Manned by competent technical professionals and managers, the company believes that energy supply security should be met using indigenous, clean, and renewable sources.

Does the Philippines have a solar air conditioner?

The Philippines is a tropical country, therefore jocking up the already-high electricity bill from prolonged use of conventional air conditioning. Edward Marcs comes with a solution--with the Sedna Aire Solar Assisted Air Conditioner, that uses the heat from the sun to substitute certain electrical processes required in air conditioning.

Why should you choose Ecogen solar water heaters in the Philippines?

Heating in the form of Ecogen Solar Water Heaters harness the heat of the sun for conventional use in homes and offices alike, whilst cutting down electrical costs needed for water heating processes. The Philippines is a tropical country, therefore jocking up the already-high electricity bill from prolonged use of conventional air conditioning.
