

What are goal zero power products?

Here's a quick and dirty lesson in power: All Goal Zero power products have a number in their name, ex. Venture 35, Flip 36, Goal Zero Yeti 500X. These numbers refer to the Watt Hours (Wh), or the amount of energy that can be stored in each battery, and can help estimate how long your gear will run from each power bank or power station.

What is Goal Zero portable power?

Empowering Your Adventures with Goal Zero Portable Power At Goal Zero, our mission is to keep you powered and connected, no matter where your journey takes you. Our robust collection of portable power banks, like the Sherpa 100AC, is designed to meet a variety of needs.

What kind of battery does Goal Zero use?

Goal Zero uses only the highest quality Tier 1 Lithium battery cells, which are protected by an advanced multi-sensor battery management system. Our best-in-class US-based customer service is there whenever you need us, and our 2-year warranty backs the Yeti 6000X for additional peace of mind.

What is Goal Zero charging?

Power your adventures with Goal Zero charging. Goal Zero created the portable power station category over 10 years ago, presenting a new way forward in portable energy use at home, on the job, and off-grid. Our products are engineered with precision here in the U.S. Every feature has a purpose, designed with a real-life use case in mind.

Is Goal Zero a good brand?

Goal Zero is a popular brand that makes both portable power stations, also known as solar generators, and solar panels. I own the Yeti 1000 Lithium (click to see latest version) and use it daily for all of my electricity needs as I travel the country full-time in my travel trailer.

What is Goal Zero Sherpa 100 AC?
