

Why should you choose immersa?

The Immersa approach offers key benefits to businesses and organisations through on-site renewable energy generation with battery storage solutions. This saves money and makes energy use more sustainable as we strive towards net-zero. We use unique modelling software to analyse our clients' energy supply needs now and in the future.

Why is immersa a gold standard accredited company?

Immersa has been awarded the prestigious Gold Standard accreditation, solidifying its commitment to excellence and its position as a trusted partner in the renewable energy sector. The Gold Standard accreditation is a testament to Immersa's unwavering dedication to the AlphaESS UK brand and products.

How did immersa perform in fy22-23?

With a strong focus on meeting the increasing demand for renewable energy, Immersa has experienced tremendous expansion, with a notable increase in turnover from £1.5 million in FY20-21 to an impressive £25 million in FY22-23.

Why did immersa get a growth award?

The nomination for the Growth Award reflects the entire team's dedication and hard work in driving the company's growth strategy. Andrew Blount, Managing Director of Immersa, expressed gratitude for the nomination and acknowledged the leadership team's and employees' instrumental role in propelling the company forward.
