

Who is Kiribati green energy solution?

Kiribati Green Energy Solution, a State-Owned Enterprise was established on 14 November 1984 under the Company Ordinance Cap 10A. It is a leading Government implementing agency in the energy sector deal with any renewable energy initiatives in Kiribati.

Who owns solar power in Kiribati?

The government-owned Public Utility Board supplies diesel generated power in South Tarawa. The Kiribati Solar Energy Company provides electricity to outer islands through solar home systems. Initially formed in 1984 by an NGO, the company is now owned entirely by the government. There is little private sector involvement.

Does Kiribati need electricity?

As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures. Yet the current fossil fuel-based power system is inadequate to meet future demand.
