

Who is Legend Green Energy Solutions?

Legend Green Energy Solutions is at the forefront of transforming Dubai's energy landscape with innovative solutions. Specializing in sustainable practices, the company pioneers the installation of cutting-edge EV chargers, catering to the growing demand for electric vehicles in the city.

Why should you choose Legend Green Energy Solutions?

Legend Green Energy Solutions offers comprehensive EV charging solutions designed for seamless integration in various building types, addressing the needs of residential complexes, commercial properties, and public facilities. Our AC and DC fast EV chargers cater to diverse requirements, ensuring efficient installation of electric car chargers.

Does Libya rely on fossil fuels?

At the forefront of the Libya Economic and Energy Summit, Libyan Minister of Oil and Gas, Mohamed Aoun, delivered a poignant message about the nation's reliance on fossil fuels. Aoun stressed that Libya cannot "deny its need for fossil fuels until 2045", highlighting the nation's gradual transition towards sustainable energy.

Can Libya 'deny its need for fossil fuels' until 2045?

Aoun stressed that Libya cannot "deny its need for fossil fuels until 2045", highlighting the nation's gradual transition towards sustainable energy. The summit, attended by officials and leaders of multinational oil companies, shed light on Libya's unexplored oil and gas reserves.

Why should you choose legend Chargers for a greener future?

From AC to DC chargers, Legend ensures a comprehensive network, seamlessly integrating with mobile charging technologies. Their commitment to a greener future extends beyond conventional norms, as they play a crucial role in reshaping Dubai's infrastructure to meet the evolving needs of eco-conscious consumers.

What was the Libya Energy & Economic Summit?

The Libya Energy & Economic Summit was a platform for these companies to underline Libya's untapped opportunities in renewable energy and their efforts to reduce emissions in oil and gas operations. Luca Vignati, Eni's Upstream Director, emphasised the significance of Libyan gas as a transitional energy resource.
