Are LR Renewables a good company?

LR Renewables were great! LR Renewables were great. Even though my initial installation was postponed by a week I still feel a 5 star review is justified. Two great young chaps arrived one time and had everything installed and working by lunch time. Great job and will be ordering an extra battery soon!

How much does Germany spend on renewables research?

In its energy plan for 2013, the German federal government announced investment of EUR400 million (US\$459 million) per year in renewables research, on top of the contribution of individual states to research projects and universities.

Are political scientists finding a place in German renewables research?

Even political scientists and sociologists are finding a place in German renewables research. The Energiewende has been expensive, adding an estimated EUR25 billion each year to Germany's electricity bills.
