

Is McPhy a leading player in the low-carbon hydrogen industry?

As a prominent player in the low-carbon hydrogen industry, McPhy is excited to showcase its latest innovations and highlight how its cutting-edge solutions are contributing to the global sustainable energy transition.

How is McPhy positioned in the hydrogen value chain?

Let's take a look at our positioning throughout the whole hydrogen value chain. A designer, manufacturer and integrator of hydrogen equipment, McPhy has three centers of development, engineering and production in Europe (France, Italy, Germany), and commercial subsidiaries through the world.

What is McPhy doing at Hydrogen Technology Expo Europe?

McPhy is delighted to be exhibiting at Hydrogen Technology Expo Europe for the 2nd time. This event, organised in Germany, brings together many players in the European hydrogen ecosystem. It will take place in Hamburg at the Hamburg Messe on 23 and 24 October.

Does McPhy have a future for green hydrogen?

Although the Group's commercial achievement has been slowed by a market that is still structuring, it has signed its first significant contracts in industry, one of the most promising fields of application for green hydrogen, as evidenced by the large-scale innovative projects that McPhy has won.

What is McPhy & Eiffage doing in Belfort 4?

It will combine photovoltaic energy and massive electricity storage, mainly in the form of hydrogen; McPhy also signed a contract at the beginning of the year with a subsidiary of Eiffage to equip a site in Belfort 4 with a 1 MW electrolyzer and a refueling station able to distribute up to 800 kg per day in order to fuel a fleet of hydrogen buses.

Why did McPhy join TSG & Chart Industries?

McPhy pursued the strengthening of its partnership ecosystem with key players such as Chart Industries, Technip Energies and TSG, which complement and confirm the quality of McPhy's offer while providing important commercial leverage. McPhy thus participated in various tenders through joint bids, notably with Technip Energies.
