Will Vistra build a battery energy storage system in Morro Bay?

In December 2020, Vistra submitted to the City of Morro Bay an application for a permit to build a battery energy storage system (BESS). The proposed BESS project would be located on an approximately 24-acre portion of the 107-acre Morro Bay Power Plant site, which is private land owned by Vistra.

Is this the world's largest energy storage system coming to Morro Bay?

The world's largest energy storage system could soon go up in Morro Bay. It would go in the location of the vacant Morro Bay Power Plant. Texas-based company, Vistra Energy is proposing to build a 600 mega watt lithium-ion battery installation at the location of the old tank farm.

Does Morro Bay power plant have industrial land use?

Based on results of a human health risk assessment, California Department of Toxic Substances Control (DTSC) has determined that a portion of the site, may to be limited to industrial land use. The Morro Bay Power Plant is located at 1290 Embarcadero (APN 066-331-046) and is approximately 107 acres.

Vistra Energy is proposing to build a 600 megawatt Battery Energy Storage System (BESS) at the closed ... Morro Bay could become home to the largest electric battery system in the world, if a project being proposed by the owners ...

Vistra Corporation, the owners of the property on which the defunct Morro Bay Power Plant resides, is still set on building a facility to provide battery storage if all the necessary steps pass. The Texas-based Fortune 500 ...

Morro Bay BESS Project Morro Bay, California Environmental Setting 6 Ramboll 1. INTRODUCTION Morro Bay Power Company LLC ("Vistra"), is proposing to develop a 600-megawatt (MW) battery energy storage system (BESS) (referred to hereafter as "Project") in the City of Morro Bay ("City"), California.

The decision would pause project approvals for up to two years, allowing the city time to craft a permanent ordinance specifically targeting battery energy storage systems. This comes as Vistra, a Texas company, moves ahead with plans for a facility at the old Morro Bay Power Plant.

Monday night, Morro Bay city leaders hosted a question-and-answer session with Vistra Energy, the company looking to build the world's largest energy storage system in Morro Bay.. The proposed 22 ...

In 2020, recognizing the evolving needs of California's grid, our company submitted a development application that proposed constructing 600 megawatts of energy storage on 24 of our 107-acre retired Morro Bay Power Plant property adjacent to ...
