

Will BayWa sell solar trade?

The BayWa Group plans to sell Solar Trade, an international solar trading business that is part of BayWa r.e. AG. The decision is the result of a strategic realignment of BayWa r.e. AG, which will focus on the international project business and further expansion as an independent power producer (IPP) going forward.

Who are BayWa re solar trade & Ribeiro solar?

With a shared commitment to clean energy and empowering solar installers, BayWa r.e. Solar Trade and Ribeiro Solar are strategically aligning their expertise to drive the adoption of clean energy solutions.

Can Mozambique take full advantage of its solar potential?

In a new monthly column for *pv magazine*, SolarPower Europe describes how Mozambique may take full advantage of its huge solar potential by implementing its recently launched Renewable Energy Auctions Programme for large-scale projects, while also pushing for more off-grid renewables in remote areas.

Will Mozambique get a solar power plant in 2023?

Future tenders are expected to be announced in Q4 of 2023, including the selection of two independent power producers for two 30 MW solar photovoltaic power plants and one 50 MW wind power plant. But Mozambique has an enormous challenge that spreads far beyond where the national grid ends.

What is the market for off-grid solar in Mozambique?

The total estimated addressable market for off-grid solar is currently 173 MW, and is expected to grow in line with the growth of the aforementioned sectors. Recent energy policy reforms are also changing the game for off-grid renewables in Mozambique.

Who won a solar power plant in Mozambique?

The first tender under the programme was the Dondo solar power plant which was won by Independent Power Producer (IPP), Total Eren (now acquired by Total Energies), with a tariff of \$52.45/MWh, and is supported by Electricidade de Mozambique (EDM) and the French Development Agency (AFD).

Acteur international renommé et expert en énergies renouvelables, BayWa r.e. oeuvre chaque jour pour réunir le meilleur de l'énergie. Grâce à notre expertise reconnue et notre expérience, nous sommes votre partenaire de choix et présents sur toute la chaîne de valeur du développement, de la construction et de l'exploitation de parcs éoliens et photovoltaïques.
