

When is energy storage International Conference & Expo 2025?

The 13th Energy Storage International Conference and Expo is scheduled for April 10-12,2025,and will be held at Beijing New International Exhibition Center Phase II.

What is China International Energy Storage Conference?

The China International Energy Storage Conference is a platform focusing on industrial energy storage manufacturing. Here we showcased new technologies and were very happy to see many customers coming to the booth to communicate. In the future,we will participate in the exhibition with better solutions.

What is the energy storage exhibition & docking platform?

It is one of the most influential industry exchange and docking platforms in the global energy storage field, and is known as a high-standard exhibition with high gold content and strong guidance in the energy storage industry. It is a weathervane for the development of China's energy storage industry.

Why did we attend the Cesc international energy storage Conference?

The CESC International Energy Storage Conference provided us with a broad communication platform,where we met many industry elites and gained a lot. The conference was well organized and the presentations were rich in content,which gave us confidence in the future of the energy storage industry.

Will 2025 China energy storage industry pioneer award winners be included in this book?

2025 China Energy Storage Industry Pioneer Award winners have the opportunity to be included in this book. Please contact us for details.

How many exhibition halls are there at the Energy Expo?

The expo will have 7 exhibition halls,inviting participation from power companies,power generation groups,grid companies,transmission and distribution operators,grid system operators and integrators,new energy manufacturers and investment institutions.
