

What is pillswood Bess?

Pillswood BESS. Image courtesy HEIT. bp has entered an agreement with Harmony Energy Income Trust to offer power trading and optimisation services for two battery storage systems, making use of a previously acquired AI-based platform to support the power grid during hours of peak demand.

What makes pillswood's Bess a top-performing energy storage facility?

Since its launch in November 2022, Pillswood's BESS has consistently ranked among one of GB's top-performing BESS facilities. It has garnered accolades, including prestigious awards such as the Energy Storage Awards and the Solar & Storage Live Awards in 2023.

Is pillswood the biggest battery storage project in Europe?

Image: Harmony Energy. Alex Thornton, operations director at Harmony Energy, gives us a deep dive into Pillswood, the biggest battery storage project in Europe, including the bold decision to be an early-mover into 2-hour lithium-ion BESS, in a market of much shorter duration assets.

Who owns pillswood battery energy storage system?

Developed by Harmony Energy and owned by Harmony Energy Income Trust, the multi-award winning Pillswood battery energy storage system, was Europe's largest by MWh at the time of launch. Pillswood stands as the flagship project under owners Harmony Energy Income Trust and the developers at Harmony Energy.

What is the pillswood project?

With BESS touted by many as the key to unlocking the full potential of renewable energy, the Pillswood project marks a significant step forward in the role of battery energy storage systems in diversifying the UK's energy supply by providing balancing services to the grid such as demand support to combat inefficiencies.

What awards has pillswood Bess won?

It has garnered accolades, including prestigious awards such as the Energy Storage Awards and the Solar & Storage Live Awards in 2023. To see a timelapse of the multi-award winning Pillswood BESS, please visit the Harmony Energy YouTube channel.
