The passport of Philippines is currently ranked as 125, with a total score of 54.00. Philippines passport ranking relative to other global passports is calculated by relying on the Philippines government's approach not just to travel, but also to international taxation laws, global perception, dual citizenship, and personal freedom as just the number of countries Philippines passport ...

Power Bank: There are too many power interruptions in the Philippines, especially during the summer months (March to early June). **Light Clothes:** As a tropical country, expect temps from 27°C to 40°C (80°F to ...

I just spent six weeks in The Philippines and didn't have any issues with WiFi or tethering my phone to my laptop. I was mostly in Makati, BGC, and IT Park Cebu because I had similar concerns about WiFi on smaller islands. It sounds like the internet has been improving throughout PH, but hopefully a recent visitor to Palawan can confirm.

As a nomad in the Philippines, I need reliable WIFI so I can work. I decided I needed to try it out for myself and I became a digital nomad in the Philippines December 2019. In this article, I'll share what I've learned along the way, the benefits of being a digital nomad in the Philippines and tips on travelling as a nomad in the Philippines.

Browse up-to-date data on cost ...

I'm thinking about doing a month on an island in the Philippines as I bounce around SE Asia for the second time. My work requires fairly high speed wifi to have video conferencing for many hours with clients. And I've heard bad things about low speed bad internet, wifi going out, and electricity power outages in the Philippines.

I'm aware of the Spanish colonial history in the Philippines. I'm just saying visiting the Philippines and comparing it to Latin America is a huge stretch. There's so much more to it than using a religion that's practiced by billions of people, or a common former colonial power that at once colonized much of the world.

For a digital nomad living in the Philippines, it is best to have a smartphone with dual SIM so you can use either Globe or Smart when necessary. Both of these networks offer deals for prepaid users with bundles that often include data, text messaging, and phone calls.
