

Are there Iberian lynx in Portugal?

There are thought to be around 200 Iberian lynx in the Extremadura region, and it is hoped that some of these individuals will recolonise suitable habitat across the border in Portugal. The presence of Iberian lynx has recently been confirmed in the Castelo Branco area of Portugal, after an absence of more than three decades.

Are Lynx reintroduced to Portugal?

Lynx were reintroduced to Portugal in the Guadiana Valley (4) the same year. We hope that this StoryMap, captivates your curiosity and enhances your overall knowledge about this iconic species. Our Goal: We looked to determine whether Portugal has the capacity to support a viable lynx population with a IUCN Least Concern (LC) status.

How many Lynx are there in Portugal?

The work of this reproduction centre in Portugal and others in Spain has led to a substantial growth of the Iberian lynx population in Portugal, which was practically nonexistent in 2009 and now is nearly 300 lynxes strong.

Will rewilding Portugal help the Iberian lynx?

The Iberian lynx, a keystone predator which is making a gradual comeback in Portugal and Spain, will benefit from the cross-border efforts headed up by Rewilding Portugal.

How many Lynx are there in the Iberian Peninsula?

According to the 2023 Iberian census, the total Iberian lynx population in the Iberian Peninsula has surpassed 2,000, doubling since 2020, with notable populations in the Spanish regions of Extremadura, Castilla-La Mancha, Andalusia, and Murcia.

How many Lynx are in the Algarve?

"Seven years after the start of the reintroduction process, around 200 lynxes are now spread over a vast territory". According to the ICNF, "one of the most relevant aspects of 2021 was the consolidation of the population in the Algarve", where nine lynxes were born.

Het ICNF merkt op dat "de succesvolle herintroductie van de lynx, die in de afgelopen jaren is geverifieerd, het resultaat is van een Iberische inspanning". "Verenigingen van jagers, boeren, landeigenaren, NGO's [niet-gouvernementele organisaties], gemeenten en overheidsinstanties" hebben de handen ineengeslagen "om de evolutie van een soort ...
