The education system in New Caledonia still mirrors that of the French colonial power, and is compulsory and free from age 6 to 16. Primary schooling lasts for 5 years, during which time pupils will have obtained a firm foundation for their ...

New Caledonia Family Holidays. Part French Riviera, part tropical paradise, New Caledonia is a land like no other. New Caledonia's 140 islands are bordered by the second largest coral reef in the world, a UNESCO World Heritage-listed site, and this, combined with the area's extensive lagoons, make the snorkelling and diving simply spectacular.

New Caledonia: Many of us want an overview of how much energy our country consumes, where it comes from, and if we're making progress on decarbonizing our energy mix. ... we want to transition our energy systems away from fossil fuels towards low-carbon sources. ... Nuclear power - alongside renewables - is a low-carbon source of ...

Customary Land Tenure, a Critical Issue for the New Caledonian Future. Colonization (1853-1946), by imposing individual private ownership, disrupted the pre-existing social organization whereby custom governed the distribution of land use among families (Dauphiné, 1987). Thus, pro-independence claim emerged in the late 1960s and Kanak communities began ...

New Caledonia is a French territory made up of a group of islands and archipelagoes of Oceania, located in the Coral Sea and the South Pacific Ocean. It has a wide lagoon often considered "the most beautiful lagoon in the world". The territory is also distinguished by biodiversity of astonishing richness and originality: the rate of endemic species is the highest in the world.
