

Anhui Schutten Solar Energy Co., Ltd., founded in 2013, is a national high-tech enterprise integrating advanced technology and innovative capabilities. We specialize in the R& D, production, and sales of photovoltaic ...

High efficiency, durability and weather resistance are some of the most important qualities in choosing solar panels for your home or business" system. All of these characteristics are realized in the 365~390W Mono Solar Module Series by manufacturer Schutten Solar. Each panel contains 120 half-cut monocrystalline cells, which provides an efficiency up to 20.8 %.
