

Who is Shenzhen hailei?

Focus on the new energy lithium battery industry, explore innovative energy technologies and start a new green journey! Shenzhen Hailei New Energy Co., Ltd., established in 2012, is a high-tech enterprise specializing in the R&D, design, production, and sales of lithium battery products.

Who is hailei Battery Company?

Currently, the company has obtained the Guangdong Province New Energy Electric Vehicle Battery Replacement Engineering Technology Center. Hailei is a high-tech enterprise integrating R&D, design, production and sales of energy storage lithium battery packs.

Who is hailei new energy?

Hailei New Energy is committed to honest sharing, pragmatic responsibility, and co-creating excellence with global customers and supply partners, dedicated to providing customized energy storage system solutions and high-quality services to global customers.

Who is hailei?

Additionally, we will touch upon the credentials of HaiLei, a state-level high-tech enterprise and a provincial-level specialized and special new enterprise, renowned for its innovative contributions to the energy storage sector.

What services are offered by hailei new energy?

OEM and ODM services are also provided. Enquire today. Offering Various Batteries since 2012. Established in 2001, Shenzhen Hailei New Energy is one of the largest manufacturers of batteries in China.

Why should you invest in hailei?

Hailei can flexibly match various industrial and commercial scenarios, and support multi-mode operation at the same time, which improves investment returns, can achieve peak-valley time shifting, staggered power consumption, and relieve power grid pressure.
