

Who are Africa's leading solar energy companies?

As a pioneering renewable energy company, SolarAfrica has been named the continent's leading solar energy firm twice, scooping the prestigious African Solar Company of the Year award in 2021 and 2023 at the Africa Solar Industry Association (AFSIA) Awards held in London and Nairobi respectively.

Who is solar africa?

First Tesla Power Pack installed in Africa The SolarAfrica team is committed to helping our customers have safer, cleaner and more reliable electricity through affordable energy solutions. We believe in equal opportunity, rewarding performance and encouraging personal growth through training and education.

Who is Sun Africa?

The sun's power knows no bounds - and neither do we. Sun Africa's sister company, UGT Renewables, is focused on delivering clean energy solutions throughout Eurasia and Latin America. With our combined strength, we're changing the world for the better - one utility-scale solar project at a time.

Who pays for solar Africa?

The property owner pays SolarAfrica for the energy used based on Nersa or municipal rates, while all other costs, such as system maintenance, operations and insurance, remain with the services provider. Save up to 50% on monthly electricity costs Reduce your carbon emissions and reach your green energy targets

Why is solar energy important in Africa?

Africa has high solar potential, making solar PV systems an effective method of obtaining energy. Battery storage solutions provide long term energy management and can counteract fluctuations in customer loads. Solar energy can effectively supplement electricity supply from an electricity transmission grid, such as when electricity demand peaks.

What makes solar africa a great company?

The SolarAfrica team is committed to helping our customers have safer, cleaner and more reliable electricity through affordable energy solutions. We believe in equal opportunity, rewarding performance and encouraging personal growth through training and education. We're an ambitious team, passionate about what we do and the core values we uphold.
