

Are solar panels sold separately?

\*Solar panels are not sold separately. Grid tie inverters convert solar DC power to home-friendly AC power and provide net metering capability. Batteries optimize cost savings by storing surplus energy when rates are lowest and utilizing it during peak demand times. They also serve as a reliable backup power source during outages.

Does shop solar offer free shipping?

Buy online and save 50% or more with a complete solar panel kit from Shop Solar -- get everything you need to go solar delivered straight to your door with limited-time free shipping.
