

Find company research, competitor information, contact details & financial data for SPAR Power Technologies Inc of West Vancouver,, BC. Get the latest business insights from Dun & ...

Home; Automotive; Career; Commercial and Industrial; Contact Us; Continuous Process Industries; Electric Grid; Energy Conversion Products; Energy Sector; Energy ...

Spar Power Technologies Inc. | 316 followers on LinkedIn. Tomorrow's Performance for Today's Machines VFDs, DC Drives, Rectifiers, Inverters, Machine Monitoring, & Energy Storage | ...

Spar Power Technologies Inc. The global market for soft starters, variable frequency drives (VFDs) and other advanced motor control technologies in the continuous process industries is ...

Welcomes to the Industrial sector of Spar Power; ... Spar Power Technologies Inc. Home; Energy Sector. What do we offer? Supercapacitor Technology; Energy Storage Products; Supercapacitor ESS Applications. Zero Emission Solutions For Maritime (Altus-500) Electric Grid; Transportation;

Today, Spar Power is the leader in providing multi level inverter and Silicon carbide technology for high efficiency products. When the application is critical ... and the environment is harsh ... remember to contact Spar Power Technologies Inc.

SPAR-HPS hybrid, bidirectional, behind the meter converter with power ratings 50, 75,100, 125 and 150kW, with various voltages from 208 to 690Vac, 3 ph. 50/60 hz. Suitable for battery energy storage of all technologies such as Lithium Ion, Fluid Batteries, Lithium Iron Phosphate, Hybrid and Supercapacitors.

SPAR Power Technologies provides professional engineering services, designs, and builds electrical and electronic control systems and equipment for industrial applications.

Spar Power Technologies Inc. Home; Products. Energy Storage Products. Altus-350 (Lithium Iron Phosphate Technology) Altus-500 ESS (Supercapacitor) ... Spar Offers high efficiency energy converters from energy storage storage system of any kind such as chemical batteries, Lithium batteries or Suercapacitors. ...

Spar's experience in the design, production and installation of mission critical motor controls and drives for continuous process industries and applications is reflected in every product we build. Downtime is poisonous for profit margins, and waste is no longer an option!

Welcomes to the Industrial sector of Spar Power; ... Spar Power Technologies Inc. Home; Products. Energy Storage Products. Altus-350 (Lithium Iron Phosphate Technology) Altus-500 ESS (Supercapacitor)

Supercapacitor Technology; Supercapacitor ESS Applications; Converters; Energy Management System (EMS)

Spar power received UL-1741 and CSA-22.2 certifications for Grid Connected Bidirectional Hybrid converters rated at 50, 100 and 150 kW. ... Spar Power Technologies Inc. registered for ISO 9001:2015 . June 2020. R & D project to use Super capacitors for energy storage System for Industrial Applications started.

The Basic Building Block is 2.7 Vdc, 100,000 farad super-capacitor, connected in series and parallel to make 12, 24 and 48 Vdc modules at various energy storage up-to 5.1kWh, per module. These capacitors can be operated in extreme ...

This development has been driven by advances in nano materials Spar Power Technologies" proprietary technology is offered for the electrification of infrastructure and industry, and increased concerns around fuel efficiency and emissions in transportation segments of all kind and industrial applications to increase energy efficiency.

Supercapacitors have been used in heavy transportation for many years. With increasingly stringent regulations around fuel efficiency and emissions controls, their use is set to grow exponentially. Supercapacitors are well suited in providing the necessary burst of power for starting large diesel engines.

Spar Power Technologies Inc. Home; Products. Energy Storage Products. Altus-350 (Lithium Iron Phosphate Technology) Altus-500 ESS (Supercapacitor) Supercapacitor Technology; ... Spar's advanced motor control solutions offer significant benefits for exploration, extraction, transportation, storage and processing operations in the oil and gas ...

Welcomes to the Industrial sector of Spar Power; ... Spar Power Technologies Inc. Home; Energy Sector. What do we offer? Supercapacitor Technology; Energy Storage Products; Supercapacitor ESS Applications. Zero Emission Solutions ...

Spar Power Technologies Inc. Home; Products. Energy Storage Products. Altus-350 (Lithium Iron Phosphate Technology) Altus-500 ESS (Supercapacitor) ... Spar's soft starters and VFDs provide a range of important benefits for HVAC applications, including improved energy efficiency, smoother, quieter operation, and reduced wear on motors ...

Supercapacitors are well suited in providing the necessary burst of power for starting large diesel engines. Trucks around the world are increasingly replacing lead acid batteries with Supercapacitor technology that is more reliable, guarantees starting in very cold weather and prolongs the engine starting system"s service life.

From design integration to detailed engineering -- prototyping to production -- Spar is your one-stop source for custom control panels. Since our founding, Spar has offered more technically advanced with high efficiency in custom motor and machine controls.

Spar Power Technologies Inc. Home; Products. Energy Storage Products. Altus-350 (Lithium Iron Phosphate Technology) Altus-500 ESS (Supercapacitor) ... Spar's dedicated, knowledgeable technicians are available to answer questions and provide support before, during and after the sale. Repairs, spares, field engineering, retrofits and training ...

Home; Energy Sector. What do we offer? Supercapacitor Technology; Energy Storage Products; Supercapacitor ESS Applications. Zero Emission Solutions For Maritime (Altus-500)
