

## St Kitts and Nevis large scale solar projects

(Press Secretary): The Government of Saint Kitts and Nevis and the St. Kitts Electricity Company Ltd (SKELEC) have executed an Amended Power Purchase Agreement (PPA) with project developer SOLEC Power Ltd for the largest solar PV and battery energy storage project in the Caribbean. The Project, scheduled for completion in 2025, will provide ...

During his Budget Address 2020 Thursday, Prime Minister, Dr. the Honourable Timothy Harris, said the government of St. Kitts and Nevis, in collaboration with The St. Kitts Electricity Company Limited (SKELEC), will facilitate the construction of the largest solar generation and energy storage project in the Caribbean after signing an agreement with ...

The project will provide the island of St Kitts with 35.7 MWp of solar capacity representing 30 - 35% of the annual electricity demand and 43.6 MWh of battery storage ; The landmark infrastructure project will replace over 4,000,000 gallons of diesel per year providing a cost reduction of up to 40% compared to current diesel power generation

The government of St. Kitts and Nevis has hired battery storage firm Leclanch&#233; to build a large-scale solar-plus-storage facility that will cover a quarter of the twin-island nation's power needs.
