What are the key solar module manufacturers?

Other key solar module manufacturers are JinkoSolar, Canadian Solar, GCL Solar Energy Technology, Risen Energy, and Shunfeng International Clean Energy. In comparison, the thin-film market is more consolidated with the market leader being US-based First Solar, with a share of 45% in 2021.

Where should I buy solar panels?

We recommend acquiring your panels from a reliable company that is sure to remain in business for the entire lifecycle of your solar power system. A good salesperson will answer any use-phase questions you may have, handle your warranty issues, if necessary, and enable you to expand your system and add new products to it.

What is the global solar PV module market size?

By region, Asia-Pacific accounted for 56% of the global solar PV module market value in 2021, dominated by China and India, followed by the Americas and EMEA with 25% and 19%, respectively. The US, Chile, Mexico, and Brazil were some of the largest markets for solar PV modules in the Americas region.
