São Tomé and Príncipe (STP for short) consists of two main islands straddling the Equator off the Atlantic coast of Central Africa. The Portuguese were the first settlers of these previously uninhabited islands in the late 15th century. Attracting settlers proved difficult, however, and most of the earliest inhabitants were "undesirables" sent from Portugal, mostly Jews.

Australia-headquartered Greatcell Solar, formerly Dyesol Solar, has appointed administrators after failing to secure further financing to develop its perovskite materials and solar cells to a ...
