

Who is TBB renewable?

Founded in 2007 with a location in Xiamen city, TBB Renewable is a complete power solution provider, focusing on backup power solutions, off-grid solutions, off/on-grid ESS solutions, and hybrid ESS Solutions. TBB presented a comprehensive range of solutions tailored to meet the diverse needs of residential and C&I customers.

Does Macao have a photovoltaic energy contract?

The regulations require investors to enter into a 20-year contract for the purchase of photovoltaic energy with Macao's sole energy service provider, Companhia de Electricidade de Macau (CEM). Essentially CEM will purchase the electricity produced to ensure investors profit within a reasonable period.

Will the Taipa-Macao natural gas pipeline be operational in 2022?

To increase the use of natural gas, Nam Kwong Natural Gas Company Limited, a major supplier of energy products in Macao, completed the construction of the Taipa-Macao underwater natural gas pipeline in March. The company predicts the pipe will be operational in mid-2022.

Is natural gas a problem in Macao?

As a member of the Smart Energy Group of UM's State Key Laboratory, which focuses on optimising clean energy use and production, Zhang believes expanding the use of natural gas poses major problems, especially in the city's older districts. "Many buildings and [much of the] infrastructure in Macao are outdated.
