Energy storage developer Jupiter Power has turned a 200MWh battery energy storage system (BESS) in Texas online and expects to have over 650MWh operational before ERCOT's summer peak season. Flower Valley II, located in Reeves County, has started commercial operations, the company said yesterday (30 March 2022).

Gridstor, a US-based developer and operator of grid-scale battery storage systems, has kicked off construction of its first project in the Texas ERCOT market. The ...

Gridstor, a developer of standalone battery energy storage system (BESS) assets, has acquired a 450MW/900MWh project in Texas, US, the company's first in the booming ERCOT market. Gridstor announced last week (6 March) that it has bought the large-scale Evelyn Battery Energy Storage project in Texas" Galveston County from Balanced Rock ...

HOUSTON, TX - September 14, 2023 - Enel North America, a clean energy leader in the US and Canada, has more than tripled its operational utility-scale storage capacity this summer by bringing five new battery energy storage systems (BESS) online in Texas. The new batteries add over 369 MW / 555 MWh of dispatchable energy storage to the Texas power grid, helping ...

Intersect Power's Lumina II in Texas under construction, adjacent to the operational Lumina solar PV plant. Image: Intersect Power . US solar PV and energy storage project developer Intersect Power has closed two financing deals worth US\$837 million for three battery energy storage system (BESS) projects in Texas.

Spearmint Energy has completed its 300-megawatt-hour battery energy storage system (BESS) project, one of the largest of its kind in the United States, and it is now ...

Texas Global partners with faculty, departments, colleges and schools across the university to advance UT Austin's mission and enhance its international reputation. Global Connections on Campus The depth and scope of UT's global academics are evident in the vast network of centers, programs and organizations dedicated to international ...

Energy-Storage.news reported yesterday (18 July) that the developer has raised a further US\$837 million for three 160MW/320MWh Texas BESS projects, all set to comprise Megapacks. Two of those will be optimised by Tesla's Autobidder software platform.

handful of large-scale battery storage project announcements are set to bring 1.35 GWh of energy storage capacity online in Texas by the end of 2025. French energy company TotalEnergies has already commissioned a ...

Battery storage developer and operator Spearmint Energy has brought its first major project online in the ERCOT, Texas market. The company announced the start of ...

Another Chinese company, Gotion, has already started producing BESS in the US, while the largest BESS integrator, Fluence, is planning to onshore some manufacturing too. PV and BESS manufacturer Canadian Solar, also based in China, told Energy-Storage.news in a recent interview that localising energy storage manufacturing was much more complex ...

SUSI Partners, through the SUSI Energy Transition Fund ("SETF"), and joint venture partner SMT Energy ("SMT") have agreed to significantly grow their Texas BESS portfolio, adding ten projects with a combined capacity of 100 ...

PORTLAND, Ore. - March 7, 2024 - GridStor, a developer and operator of utility-scale battery energy storage systems, announced today that it has acquired an up to 450 MW / 900 MWh project in Galveston County, Texas from Balanced Rock Power. The Evelyn Battery Energy Storage project, which is slated to begin construction in Summer 2024, has an anticipated on ...

Construction at one of Broad Reach Power's first tranche of Texas BESS, quickly followed by much bigger projects. Image: Broad Reach Power. China's Contemporary Amperex Technology Limited (CATL) has sold 900MWh of battery energy storage system (BESS) equipment to US independent power producer (IPP) Broad Reach Power.

Site layout for the Fort Duncan BESS. Image: Recurrent Energy . Recurrent Energy is seeking a loan from financial institution North American Development Bank (NADBank) to fund the construction of a 100MW/200MWh standalone battery storage facility located in Maverick County, Texas.
