

The kitchen power storage magic box can be raised and lowered

What are the benefits of a Kitchen Magic Corner system?

One of the key benefits of the Kitchen Magic Corner system is its ability to maximize storage space. With its rotating shelves, the Kitchen Magic Corner allows you to store a lot more items in the same amount of space than traditional corner cabinets, which is especially helpful for homeowners with smaller kitchens or limited storage space.

What is a magic corner kitchen cabinet?

Perfect for use within a 900mm or 1000mm blind corner kitchen cabinet to maximise space and storage. Magic corners offer superior accessibility and efficiency when compared to kidney corner units and carousels, allowing you to easily retrieve items sat at the back of the cabinet.

Is the Kitchen Magic Corner a good choice?

Whether you have a small kitchen or simply want to improve your organization and accessibility, the Kitchen Magic Corner is an excellent choice. One of the key benefits of the Kitchen Magic Corner system is its ability to maximize storage space.

What can you store in a Kitchen Magic Corner?

Dry goods, such as pasta, rice, and canned foods, can be neatly stored in a kitchen magic corner. This helps keep your pantry organized and makes it easy to see and access all your dry goods. Before purchasing a kitchen magic corner, measure your cabinet space to ensure that the system will fit properly.

How does magic corner standard work?

When the door is opened, the attached shelves swivel out and the back shelves automatically glide forward into the front of the cabinet. Magic Corner Standard lets you make full use of the storage space in a corner. As if by magic, it also brings the items stored behind to the front, saving you having to rummage around in the back of the cabinet.

How do you maintain a magic corner?

Keep your kitchen magic corner clean by wiping down the shelves or baskets regularly. This helps prevent dust and grime from building up and ensures that your kitchen items remain clean. Periodically check the magic corner system for any loose screws or parts. Tighten any loose components to maintain the stability and functionality of the system.

The Little Magic Thermodynamic Box III is our innovative Solar Assisted Heat Pump designed to retro-fit to all hot water storage cylinders. Utilising thermodynamic principles the Little Magic Thermodynamic Box captures energy from the air surrounding the thermodynamic panel, transferring this energy to water within the existing cylinder to
