

Who is Aiko solar?

AIKO is a world-leading new energy technology company that focuses on R&D and manufacturing of PV core products and integrated solutions for power generation, storage, usage, providing customers with solar cells, ABC (All Back Contact) modules and scenario-based solutions. Multi-application solutions to fulfill various solar energy demands.

How did Aiko solar perform in Q3?

Record Q3 revenue has helped major merchant solar cell producer Aiko Solar report nine-month revenue growth of 49.45%, compared to the prior year period, exceeding the company's full-year 2019 revenue figure.

What is Aiko smart energy?

AIKO's smart energy solutions integrate the philosophies of zero carbon, and craftsmanship to redefine energy for the modern era, allowing the construction of a greener, safer Carbon-Free city. Our Core Values Pursue Cutting-Edge Technology Redefine Photoelectric Efficiency and Quality Aesthetics Build Partnerships for [...]

What is Aiko PERC equipment?

AIKO leads R&D of tubular PERC equipment for P-PERC era and core equipment for ABC cells in N-era, achieving synchronized development of process and technology, facilitating swift transitions to mass production from the lab. AIKO has established partnerships with leading suppliers, and all main equipment is tailor-made.

What makes Aiko unique?

AIKO has established partnerships with leading suppliers, and all main equipment is tailor-made. AIKO integrates process/manufacturing tech with the industrial Internet, IoT, and AI, maintaining industry-leading output per capita.

Punjab government signs agreement with Chinese company AIKO for solar panel manufacturing, aiming to address energy crisis and boost local production. Sun, Dec 01, 2024 Watch Live.

Learn about Aiko Solar produced solar panels - view company details, technical specifications and reviews of Aiko Solar modules. Solar Quotes. Ready to get up to 3 quotes for solar, batteries or EV chargers? ... Company Info. Aiko Solar was founded in 2009. Its full name is Shanghai Aiko Solar Energy Co. Ltd. While Aiko is a Japanese name, the ...

Discover the NEBULAR series from AIKO Solar - a revolutionary solution for modern photovoltaic systems. The solar modules in this series are characterized by their glass-free and ultra-light construction. With a weight of only 8.6 kg per module, the NEBULAR modules are 12.9 kg lighter than conventional solar modules.

Vision Statement of Shanghai Aiko Solar Energy Co., Ltd. Long-Term Sustainability Goals. Shanghai Aiko Solar Energy Co., Ltd. aims to enhance its sustainability initiatives by increasing ...

AIKO is a global-leading clean energy technology company. Our business mainly focuses on the manufacture of photovoltaic products and all-in-one solutions for various scenarios, including solar ...
