

How will the family Islands solar power system work?

Development of the four solar-fueled power systems will set the stage to scale the Family Islands solar program across the island chain's outlying islands, as well as contribute to the Bahamas achieving a national goal of renewable energy resources meeting 30% of electricity needs by 2030.

Why are solar module prices so volatile?

Alongside growing demand, since the start of 2023, S&P Global said a combination of importation duties, oversupply and supply chain costs have led to significant solar module pricing volatility. The tool will track six different module spot prices, covering differing geographies, megawattage and time periods.

Why are solar modules so expensive?

Solar modules have become one of the most sought-after commodities in the increasingly competitive energy markets." Alongside growing demand, since the start of 2023, S&P Global said a combination of importation duties, oversupply and supply chain costs have led to significant solar module pricing volatility.

Does solar make sense in island conditions?

Solar just makes sense in island conditions. Dependence on imported fuels, high electricity costs, increasingly devastating storms, and an urgent need for improved grid resiliency makes solar a clear choice for island nations and territories over the world. Solar just makes sense in island conditions.

Does New Providence need a solar grid?

An interactive, two-way grid is required given any grid-connected distributed solar or renewable energy, however, he added. "Studies have shown that the New Providence grid (which serves Nassau) can take at least 8 megawatts (MW) of solar without worrying about storage.

What is the islands energy program?

In addition to the Bahamas, the Islands Energy team is in the midst of assisting Caribbean island governments and utilities in five other jurisdictions craft and carry out clean, renewable energy transition: the British Virgin Islands (BVI), Belize, St. Lucia, St. Vincent and the Grenadines and Turks and Caicos. Three pillars support the program.
