

How can Etech solar help Vanuatu?

The sun is a powerful source of renewable energy. We can harness that energy to create a sustainable future in Vanuatu and the world. eTech Solar is accelerating the adoption of quality yet affordable solar technology across Vanuatu to conserve our environment and provide an environmentally friendly and sustainable power supply.

How can Vanuatu benefit from solar power?

With this project, 17,000 households throughout Vanuatu will be supported to access non grid, renewable electricity through solar. With low population densities and large distances between communities, a key challenge for the project has been providing access to electricity in a way that is cost effective and efficient.

What can I buy from a solar energy company?

Reduce your electricity costs. From little things to big things, we stock solar lighting systems, sewing machines, hair clippers, radios, lamps, fans, solar computers to bigger systems including water bores, freezers, PA systems, street lights, garden lights, larger house and office systems ++.
