

What is a powersafe sbs-100f battery?

The PowerSafe(TM) SBS-100F battery utilizes unique and proven technology to provide superior performance with an extended service life in compact and energy dense configurations. PowerSafe SBS batteries are manufactured to the highest international standards and are ideal for reliable use in all wireless and fixed-line communication applications.

What is the capacity of a powersafe SBS battery?

Capacity range: 31 - 190Ah12V monobloc configurations Multiple string configurations available Two year shelf life SR-4228 compliant Proven long service life High energy density and cycling capability The outstanding PowerSafe® SBS Front Terminal battery further extends the technical leadership of PowerSafe® SBS batteries range.

What is a powersafe SBS front terminal battery?

PowerSafe® SBS Front Terminal batteries retain the benefits of Thin Plate Pure Lead(TPPL) technology such as long-life,high-energy density and superior shelf life. They also deliver exceptional cyclic performance in both float and fast charge applications,even in the hottest and harshest operating environments.

What is a powersafe SBS Eon battery?

PowerSafe SBS EON Technology™ batteries have been developed to provide high cycling and fast recharge performance in applications where the power supply is erratic. PowerSafe Front Terminal battery models are designed for installation in cabinets and racks.

Why should you choose powersafe® SBS batteries?

Even in the most challenging operating environments,they continue to deliver reliable power and meet all SR-4228 and NEBS(TM) level 3 testing requirements. Widely used in cable TV,emergency lighting,power generation,and offshore applications,choose PowerSafe® SBS batteries for proven performance and peace of mind.

Where are powersafe® batteries marketed?

PowerSafe® products are marketed under the SuperSafe® brand in the following specific countries - India,Indonesia,Malaysia,Singapore,Thailand,Australia and New Zealand. Featuring advanced Thin Place Pure Lead (TPPL) technology,PowerSafe SBS batteries deliver long life,high energy density and superior shelf life for telecommunications.
