Finally received a response from... Finally received a response from Victron, some 9 months after complaint. Speaks volumes really, and even then they did not address the issue other than place blame on the installer/customer.

Nossos produtos incluem inversores de onda senoidal, inversores/carregadores, controladores de carga, conversores CC/CC, monitores de bateria e mais. Victron Energy tem uma forte e incomparável reputação para inovação técnica, confiabilidade, e qualidade construtiva. Nossos produtos são considerados ao redor do mundo como a opção profissional para independência ...

There are several MQTT cloud brokers. There are maximum 128 systems connected to a cloud broker. The DNS address of the cloud broker will be something like: mqtt86.victronenergy . But how do you find out the broker you should use for your installation? This can be calculated based on the portal ID you have. Your portal ID can be found on either:
