In my search for the "perfect off grid property" I realized after a while that "perfect" was subjective, and "practical" was objectively much smarter. Buying land that is practical and lends itself to building an off grid homestead is by far the MOST IMPORTANT aspect. It's even more important than the legalities of building codes ...

We have developed a 10 hour off-grid course, a powerful off-grid simulator app called the "Land Lab Simulator", and an online community all to help people easily plan, & design their...
